If happiness is your desire
Inside of yourself you hold the key
Just have faith in what you're doing
Be yourself . . . and you'll be free.

Any fool can learn from his

The secret of love is opening up your heart
It's okay to feel afraid
But don't let that stand in your way
Cause any one knows love is the only road
We're only here for a while
So why not give us a smile.

Dear Fellow Students,

I have enjoyed going to school with you for these past four years and of the ones I got to know best I think I'll miss Alston Curtis and Debbie Harring the most. Thanks to both of you I have learned to enjoy Lu-Hi. Thanks. And the rest of you remember no goal is too high if we climb with care and confidence. Keep up the good work.

Psalm 23

"The Lord is my shepherd; I shall not want, Surely, goodness and unfailing love shall follow me all the days of my Life"

Thanks Mom and Dad for giving me life and Darryl for simply being there.

Kym Harris

The time has come for a change
A change for the better
It is the time now to grow
and to fulfill this life of mine
I would like to thank my mother
for all her help and support
Gratitude goes to all my friends
and to God for helping me
When no one else could
Now it's time to walk
down the road of life
And see where it takes me
Farewell, Au Revoir et adiós

Kurt Britton

When you feel down and out
Sing a song, it'll make your day
Here's a time to shout
Sing a song, it'll make a way
Sometimes it's hard to care
Sing a song, it'll make your day
A smile so hard to bear
Sing a song, it'll make a way

Kurt Draser

Our money says, "In God we trust",
But it's against the law to pray in school
You said we beat the Russians to the moon
And I say, "You starved your children to do it."
You say all men are equal and all men are brothers.
Then why are the rich more equal than others?
Don't ask me for the answers, I've only got one —
That a man leaves his darkness when he follows God's son.

Faheem Abdus-Shakur

David Lobosco

Anne Weber

You just call out my name,
And you know wherever I am,
I'll come runing to see you again:
Winter, Spring, Summer or Fall,
All you have to do is call,
And I'll be there, yea, yea, yea
You've got a friend . . .

We never stop investigating. We are never satisfied that we know enough to get by. Every question we answer leads on to another question. This has become the greatest survival trick of our species.

We must carry it with us

Paul Viole

My time here is drawin' to a close
Out into the world, with that one knows
I must make the grade, try to survive
All my dreams, I wanna live them live
Many good times, friends help me by
I'll never forget you, till the day I Die
Memories remain and they color my past
It's been so long, but gone by so fast.

Take time to be friendly;
It is the road to happiness.
Take time to love and be loved
It is the privilege of the gods
Take time to share
Life is too short to be selfish
Take time to laugh
Laughter is the music of the soul.

We (the youth) have tomorrow

No matter what it is, there is nothing that cannot be done. If one manifest the determination, he can move heaven and earth as he pleases. But because man is pluckless, he cannot set his mind to it. Moving heaven and earth without putting forth effort is simply a matter of concentration.

Slow me down Lord, Ease the Pounding of
my heart by quieting my mind.
Steady my hurried pace with a vision of the
eternal reach of time.
Give me amid the confusion of the day, The
calmness of everlasting hills.
Bread the tensions of my nerves and muscles
and mind.
Slow me down Lord, and inspire me to send
my roots deep into the soil of life's En-
uring values, That I may grow toward the
stars at my greater destiny,

We know the key to the unity of all people is in the dream that you had so long ago. That lives in the heart of all people That believe in unity, we'll make that dream become a realty I know we will because our hearts tell us to.

"If I had my life to live over, I'd try to make more mistakes next time. I would relax. I would limber up. I would be sillier than I have been this trip. I know of very few things I would take seriously. I would be crazier I would climb more mountains, swim more rivers and watch more sunsets. I would burn more gasoline. I would eat more ice cream and less beans. If I had my life to live over, I would start bare- footed earlier in the spring and stay that way later in the fall. I would play hooky more. I wouldn't make such good grades except by accident. I would ride on more merry-go rounds. I'd pick more daisies.'
